Paul Napthine & son Joe each achieved a PB on Lake 1 (Carp) resulting in a memorable "Double" celebration.

15lbs 15oz

Joe's 15lbs 15oz common was caught at around 7pm using a single tutti fruity boilie topped off with a piece of orange fake corn. The fish screamed off and it took Joe ten minutes to persuade it into the net.

20lbs 13oz

Not to be outdone Paul's a 20lbs 13oz mirror was caught at about 1pm fishing close to the reeds using a single strawberry boilie topped off with a piece of fake red corn.

Late evening of the 18th was also a "Double" celebration for Ben Wakefield who having already caught carp to 21 and 22lbs during a 60 hour session had a double take at 11pm resulting in catfish of 19 and 42 lbs.

Muraspect AC fished Lake 3 (Mixed) on the 21st and despite difficult overcast and windy conditions, John Beevis set the bar highest and weighed-in Carp and Silver fish to create a match winning total of 76lbs 8ozs.

A return trip by Bolton angler Gary Hilton paid off handsomely and included a 42lbs catfish taken at midnight on Saturday 28th. Luncheon meat over a small bed of 2mm halibut pellet proved to be the successful bait on this occasion.

Not to be outdone large Roach made a return appearance on Lake 1 where Simon Lockwood landed two 2.5+lbs specimens early on the morning of Monday 30th whilst fishing with boilies forcarp.
