Although numbers are beginning to fall due to the onset of colder weather the large Catfish are still showing including two of 30lbs+ and a 40lbs+ this month.

At approximately 10.45am on 9<sup>th</sup> October Gary Deacon fishing tight to the reeds caught a 39lbs catfish (see right) using a pineapple boilie – his UK PB.

The take was sudden and on the drop leaving virtually no time to recue his rod from his bank sticks.

Gary's 36 hour session also included common carp to 17lb plus other Cats to 15lbs.

Number "13" may be unlucky for some but the 13<sup>th</sup> of October proved to be a *Result* and a PB for Rob Ouzman – see Rob on the right with his brother Steve on the left, during their 36 hour session.

At approximately noon on Wednesday 13<sup>th</sup> there was a run on his halibut pellet which resulted in landing a 45lbs catfish after a 43 minutes battle
